

Science Toolkit: Grade 6 Objective 1.C.1.b

Student Handout: Science: Grade 6 Objective 1.C.1.b

Standard 1.0 Skills and Processes

Topic C. Communicating Scientific Information

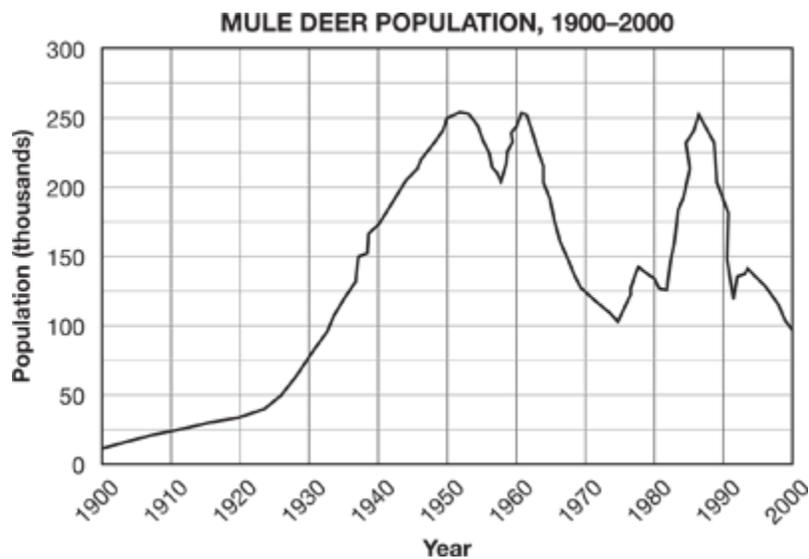

Indicator 1. Develop explanations that explicitly link data from investigations conducted, selected readings and, when appropriate, contributions from historical discoveries.

Objective b. Interpret tables and graphs produced by others and describe in words the relationships they show.

Selected Response (SR) Item

Question

The number of organisms an environment can support depends on the availability of environmental resources. Changes in the mule deer population in Nevada from 1900-2000 are shown in the graph below.

During which years did the mule deer population most likely experience the greatest decrease of environmental resources?

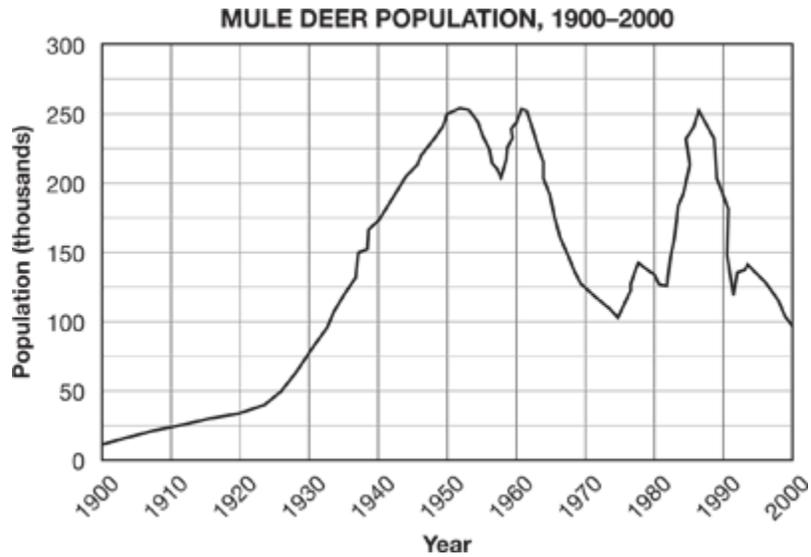

- A. 1930-1950
- B. 1956-1960
- C. 1960-1970
- D. 1976-1980

Correct Answer

C. 1960-1970
