

# Protection Continuum

Use these PowerPoint slides to provide a visual continuum of the word “protection” in your classroom. Print out the first 3 PowerPoint slides and display them in your room. Use a piece of string to connect them together. Display ASSIST on the left, PROTECT in the middle and DEFEND on the right.

After reading text from the unit, place the picture of the text cover under the corresponding word that describes the book’s theme. The pictures are available for printing on slides 4 – 13.

**Assisting** = to make something easier for someone

**Defending** = to stop someone from getting hurt
