In June, 2010, the Maryland State Board of Education adopted the Common Core State Standards. During the summer and fall of 2010, Maryland educators examined the Common Core State Standards and the existing State Curriculum to determine which skills and content matched the Common Core State Standards. Based on this analysis, development of the new curriculum began. These Frameworks are the result of a yearlong effort by Maryland educators to unpack the Common Core State Standards and identify the essential skills and knowledge that a student would need in order to master the grade specific standards. Since the Common Core State Standards did not include Pre-K, Maryland educators created standards and developed the essential skills and knowledge to serve these students. The Frameworks are not intended to convey the order in which the standards should be taught nor the length of time to devote to a unit of study.

**Key:**
- **Black print** – Common Core State Standards
- **Red print** – The Essential Skills and Knowledge identified by Maryland Educators. These statements are intended to help teachers develop common understandings and valuable insights into what a student must know and be able to do to demonstrate proficiency with the standard.
- **Purple print** – The Common Core State Standard was judged as an excellent match with the existing State Curriculum during the gap analysis, such as SC, 6 (read “State Curriculum, Grade 6”)

The Maryland College and Career Ready Curriculum Frameworks in English Language Arts integrate standards from different strands. Throughout the Maryland Essential Skills and Knowledge, you will see references such as See CCSS 6 SL4 (read “See Common Core State Standards, Grade 6, Speaking & Listening, Standard 4”). The following list shows the abbreviations used when referencing standards from the ELA Common Core State Standards:

- RL – Reading Literature
- RI – Reading Informational Text
- RF – Reading Foundational Skills
- W – Writing
- SL – Speaking and Listening
- L – Language

The Maryland College and Career Ready Curriculum Frameworks also integrate standards from the Maryland School Library Media Curriculum and the Maryland Technology Literacy Standards. These standards are indicated by the abbreviations MD SLM 6-8 _____ (read “Maryland School Library Media, grades 6-8, Standard, Indicator, Objective”) and TL (read “Technology Literacy Standards” followed by Standard, Indicator, Objective).

- **Monitor comprehension with appropriate during reading strategies e.g., rereading, paraphrasing, summarizing, connecting related ideas within a text, verifying or modifying predictions, visualizing, and connecting text ideas with prior knowledge or experience.**
- **Demonstrate comprehension of a text with after reading strategies by**
  - explaining the main ideas
  - identifying what is directly stated in the text
  - drawing inferences
  - drawing conclusions
  - verifying or adjusting predictions
  - making new predictions
  - paraphrasing and summarizing
  - (See MD SLM 6-8 4A2.b.)
  - making connections between the text and oneself.
- **Determine and state evidence that confirms the important ideas and messages of a literary text.**
- **Identify evidence to suggest logically what might be true about characters, setting, plot, etc.**
